

MATH ESCAPE: THE PHARAOH'S TOMB. GOOGLE CLASSROOM

Below is a link to an interactive google slide extension activity which can be shared with your students via google classroom. There is a short writing activity and an overview page which you can share with your students to check how they got on with the activity. The activity works best with laptops and chrome books.

Follow the steps below to get started:

1. Click on the link below to download the Google Math Story activity

<https://docs.google.com/presentation/d/12zKYw9TCSZYMRM4LJTLfkxeUpmTekiEbDKRLEM915FY/copy>

2. Click on **make a copy** and save it in your google drive.

3. Rename your file, usually I remove the word **COPY** from the title.

4. Share with your students using Google Classroom.

Important: Before clicking **ASSIGN**, be sure to change the option to “**make a copy for each student**”.

5. The following link is for the **ANSWERS**. Just follow the same process if you want to share it with your students.
